Article 12. To see if the town will vote to raise and appropriate the sum of \$2,300.00 to pay the interest on the indebtedness of the town for the ensuing year. Item No. 29.

Article 13. To see if the town will vote to authorize the selectmen to hire such sums of money as may be necessary in anticipation of taxes.

Article 14. To see if the town will vote to buy surety bonds for the town clerk, town treasurer and tax collector.

Article 15. To see if the town will vote to raise and appropriate the sum of \$1,500.00 as the town's share of the cost of constructing a cement bridge on Elm street, over the Dick Dame brook, so called, the State to furnish an equal amount, Chapter 85, as amended.

Article 16. To see if the town will vote to raise and appropriate the sum of \$697.66 in order to secure state aid in the amount of \$2,790.64 for the improvement of Class V highways, under Chapter 67, Laws of 1937.

Article 17. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.

Article 18. To see what action the town will take in regard to improving the burial lots owned by the town in Pine Grove Cemetery.

Article 19. To choose one selectman for three years, town clerk, town treasurer, road agent and all other necessary officers and agents for the ensuing year.

Given under our hands and seal this twenty-fifth day of February, 1939.

EDWARD T. WILLSON,

JOHN E. S. HALL,

FERD W. BROWNE,

Selectmen of Farmington.

## STATEMENT BY THE SELECTMEN

---

TO THE CITIZENS AND TAXPAYERS OF FARMINGTON:

We submit herewith our annual statement pertaining to the business affairs of the town.

We feel that it is unnecessary to cover all of the minor details but will try to present some of the most important items. .

Fully aware that taxes are always an unwelcome burden and knowing that present day requirements for services of the several departments have increased during the past years and also being somewhat familiar with departmental costs, we have prepared a budget for the present year which we feel will cover only minimum expenses and will not permit any department to enter into an expansive program.

The following excerpt is taken from a recent letter of the State Tax Commission: "It is not sound municipal financing to make appropriations known to be less than will be required, with the expectations that expenditures of some appropriations may be scaled down and a balance converted to another use. Each appropriation should be made to meet the exact needs of that particular service so far as is possible."

The above confirms the policy which we have tried to follow in preparing the budgets for the past few years.

At times certain conditions arise which are really emergencies and which no one can foresee nor prevent. Several of such conditions occurred during the past year. The oil burner at the town hall gave out and it became necessary to install a new outfit. We purchased a new Scott-Newcomb burner with the latest improved controls,

and it is expected that there will be a saving in operation costs.

The unusual frost or spring breakup on the country roads was another unforeseen expense for the highway department. Trying to keep such roads even in a partly passable condition was an unexpected cost burden for this department. We found that this condition was not wholly local, but prevailed over most of New England. Also a bridge had to be rebuilt over the Horne brook located in the Hornetown district.

These were some of the emergencies which added materially to maintenance costs.

Following the policy of resurfacing tarvia roads in need of repair and treating new areas as fast as possible, the highway department resurfaced several of the village streets, and newly treated certain portions where heavy rains have caused washouts. About 3,500 linear feet of the Meaderboro road was newly treated, and if a thin coating can be added each year for the next two years, and the work extended, we will soon have a hard surfaced road from the Rochester line to the school house. During the floods of 1936 this road was impassable and was one of the most expensive repair costs of that year.

There are two small wooden bridges near the Rochester reservoir which will have to be rebuilt this year and something ought to be done to strengthen the Watson bridge. Since the installation of the sand and gravel project at the Moulton bank, this bridge has been subjected to heavier traffic than for which it was designed. The bridge can be strengthened by placing at least one line of heavy timbers lengthwise through the center, and be strong enough to support the heavy loads.

The state road to the Milton line is completed and we feel that there is no immediate call for more of this type of construction.

The Spring street sidewalk was completed this past year and with such small repairs as may become necessary, should give this section of the town a much needed and appreciated improvement.

We recommend the appropriation of \$697.66 in order to secure State aid to the amount of \$2,790.64 for the improvement of Class V highways.

For the past two years no money was raised for this class of highway improvement, because the law does not permit the raising of money in the same year for both State aid construction and Class V aid. If this recommendation is adopted, about 2 1-3 miles of country road can be improved this year.

#### BLISTER RUST CONTROL

We recommend that the sum of \$400.00 be raised and expended under the supervision of the State Forestry and Recreation Department.

The following is a statement from the department showing the expenditures and work accomplished during the past year.

#### Town program:

Crew cost (paid by town)	\$398.70	
Foreman cost (paid by state)	100.00	
Total expended		\$498.70
Received from town	\$400.00	
Expended from town funds	398.70	
Balance due town		\$1.30
Area covered	703 acres	
Currant and gooseberry bushes destroyed	11,313	

#### W. P. A. program:

W. P. A. funds expended	\$891.20
Area covered	1,545 acres
Currant and gooseberry bushes destroyed	28,216
Total local men employed	9

## WELFARE

We have asked for an increase in the appropriation for town poor for the reason that the town will have to assume the entire cost, as there will be no more reimbursements from the State.

The cost of Old Age Assistance has been increasing steadily, and while the town has to assume only 25% of the total direct and medical aid, it is impossible to figure the exact amount necessary for the ensuing year. The town's apportionment varies each month; last November it was \$259.05, December \$313.95, and January \$334.55. The increases in December and January were principally medical, hospital and burial expenses. We have asked for an appropriation of \$3,500.00, anticipating an average monthly cost of a little under \$300.00.

The following percentage tables are based on the amounts raised by property taxes and appropriations for 1938, exclusive of precinct taxes.

## PROPERTY TAXES

\$34,195.81	Town	44.89%

To find the amount of tax you pay for the support of any department, multiply your total town tax by the percentage opposite that department. Do not include your precinct tax.

## STATEMENT OF BONDED DEBT

January 31, 1939

Showing Annual Maturities of the Outstanding Bonds and Long Term Notes.

	Town Hall Bonds Jan. 15, 1930 4½%	Refunding Serial Notes Sept. 1, 1937 3%	Total Annual Maturities	Total Interest on Annual Maturities
1939		\$1,500.00	\$1,500.00	\$ 615.00
1940	\$2,500.00	1,500.00	4,000.00	1,807.50
1941	2,500.00	1,500.00	4,000.00	1,650.00
1942	2,500.00	2,000.00	4,500.00	1,492.50
1943	2,500.00	2,000.00	4,500.00	1,320.00
1944	2,500.00	2,000.00	4,500.00	1,147.50
1945	2,500.00	2,000.00	4,500.00	975.00
1946	2,500.00	2,000.00	4,500.00	802.50
1947	2,500.00	2,000.00	4,500.00	630.00
1948	2,500.00	2,000.00	4,500.00	457.50
1949	2,500.00	2,000.00	4,500.00	285.00
1950	2,500.00		2,500.00	112.50
	<hr/> \$27,500.00	<hr/> \$20,500.00	<hr/> \$48,000.00	<hr/> \$11,295.00

As a supplement to the above it may be interesting to note that in order to get a true picture of the town's financial condition and the amount of the fixed charges which have to be provided for, we should take into account the School and Precinct debts as well as the Town debt. The debt service for the Schools and Precinct is included in the budgets of each of these governmental divisions and become a part of the tax levy.

For the year 1938 the assessment required for amortization and interest on all issues outstanding was as follows:

	Principal	Interest	Total
Town hall bonds 4½%	\$2,500.00	\$1,350.00	\$3,850.00
Town serial notes 3%	1,500.00	660.00	2,160.00
High school bonds 5%	2,500.00	1,187.50	3,687.50
	<hr/>	<hr/>	<hr/>
	\$6,500.00	\$3,197.50	\$9,697.50
Precinct refunding			
bonds 4%	\$1,500.00	\$1,050.00	\$2,550.00
Precinct water works			
bonds 3%	1,000.00	495.00	1,495.00
	<hr/>	<hr/>	<hr/>
Totals	\$9,000.00	\$4,742.50	\$13,742.50

The Town and School debts constitute a charge against all the property in the town, and it will be seen that in 1938 this amounted to \$9,697.50, which is practically 12¾% of the \$76,176.87, which was the amount of property taxes raised for all town purposes. And the total debt service \$13,742.50 was nearly 14¼% of the \$96,463.94 assessed for all Town and Precinct purposes exclusive of the \$247.00 sewer tax.

The amount required for funded debt service the current year is \$13,370.00.

It might be of further interest to note that the total debt payments to June 1, 1955, when the last of the

present outstanding bonds will be retired, is as follows:

Principal	Interest	Total
\$111,500.00	\$28,930.50	\$140,430.50
